Document	Type	Announcement
	Subject	Participation to Rehearsal and Connection Tests for BISTECH 3.0
	Prepared by	Borsa İstanbul
	Distribution	VİOP Members and Data Vendors

To Whom It May Concern,

Ref: Announcement dated 01/03/2023 and numbered 15528

As stated in the related announcement, BISTECH system improvements and development efforts have been carried out thoroughly by Borsa İstanbul and in this context, a new phase called BISTECH 3.0 is planned to be launched on Monday, June 12, 2023.

Within the same announcement, three connection rehearsals is announced in the new hardware infrastructure on April 15, May 13, and June 3, 2023 and before these rehearsals with planned scenarios, Members are required to do free connection tests on new servers which will be accessible every Saturday between 09:00 and 17:00 throughout March.

At this point, it is seen that the number of Members running free connection tests is quite low and some of the Members only make telnet connections, and a few Members that run connection (login) connect with a limited number of users instead of all users specified given as BISTECH 3.0 users on the Connect platform.

In order to have a successful transition of BISTECH 3.0 version;

- a) Please send the names, titles, mobile phones and e-mail information of the two persons responsible for the BISTECH 3.0 version transition from your company to the [bistechsupport\\_autoticket@borsaistanbul.com](mailto:bistechsupport_autoticket@borsaistanbul.com) e-mail address,
- b) Members that did not perform a free connection test with all of their users before, it is important to participate to the connection test to be held on Saturday, April 1, 2023, see that they can successfully login and report the status information about the test to the above-mentioned e-mail address until Tuesday, April 4, 2023.
- c) Responsible persons from Members that will not be able to participate to the connection and rehearsal tests should notify the above-mentioned e-mail address together with their justification.

For all the questions and issues on the subject please contact via +902122982427 phone number and/or [bistechsupport\\_autoticket@borsaistanbul.com](mailto:bistechsupport_autoticket@borsaistanbul.com) e-mail address.

Kindly submitted to your information.
