Dear Member,

By the Borsa İstanbul Announcement No. 2021/12 on February 25, 2021, it has been specified that it was planned to deploy a new off-exchange registration system integrated with BISTECH system and registrations would be made using this platform. Information regarding the structure of the new registration system and changes in implementation were provided in a document attached to the Announcement. In this document, it has been specified that off-exchange registration notifications would be made on the day of the transaction subject to registration and the new system would be inaugurated on April 5, 2021. It has also been emphasized that the practice and principles described in the document would be valid with the enforcement of the registration regulations of Borsa İstanbul, and that these practice and principles could be modified in accordance with regulations.

Following the member feedbacks and requests received during the test period of the new registration system, it is planned to have changes in principles of notification and functioning as well as implementation that have already been announced. Consequently, deployment date of BISTECH registration system is delayed and the new deployment date will be announced at a later date together with changes to the principles of notifications.

For your information and further action.
