

BORSA İSTANBUL A.Ş.
GENERAL DIRECTORATE

Number : 18454353-100.04.02-
Subject : BISTECH PTRM API Member Announcement - II and
Technical Information Document - II

To Whom It May Concern,

Ref: Announcement dated 21.07.2022 and numbered 10147

In the referred announcement it was announced that sole GUI-based PTRM system is improved with API feature, PTRM API users are planned to be allocated as of 2022 third quarter and PTRM API certificate is required for a software that will be used for PTRM API.

PTRM API feature is planned to go live on November 7, 2022. As of this date, PTRM API users will be allocated to our members who will use a software that has completed the PTRM API Certification process. PTRM API Certification Program will start on October 3, 2022.

PTRM API Certification Program document can be accessed from the address <https://borsaistanbul.com/en/sayfa/2530/technical-documents>. Members or software vendors who want to participate in PTRM API Certification Program should submit their certification requests via bistechsupport_autoticket@borsaistanbul.com by creating a ticket titled "PTRM API Certification Test Date Request". Appointment requests should be sent at least two weeks before the appointment date. Requests will be evaluated according to the number of applications and the order in which they reach to the exchange. In the request message to be sent, the name and contact information of the authorized employees who will participate in the tests must be specified. Members who will not directly complete the certification program but will use a certified software will be exempted from the certification program by signing agreement. Information regarding exemption agreement will be announced later with the details of user allocation.

Moreover, PTRM API developments have continued as of the date of referred announcement and previously shared technical documents have been updated by including new features. Our members and software vendors are expected to review attached updated PTRM API Technical Information Document and PTRM API Technical Specification document at <https://borsaistanbul.com/en/sayfa/2530/technical-documents> under the headline "PTRM", then make preliminary preparations and test their softwares in BISTECH test environment (pre_prod test enviroment) as of October 3, 2022. Pre-tests should be completed by our members and software vendors before their certification requests. PTRM API test user requests will be sent to bistechsupport_autoticket@borsaistanbul.com.

For all the questions and issues on the subject please contact bistechsupport_autoticket@borsaistanbul.com
