

Document	Type	Announcement
	No	2015/
	Subject	Collective tests which will be performed on BISTECH system and Go-Live rehearsals
	Approval Date	..../..../2015
	Prepared by	Equity Market Department and Equity Market Application Development Department
	Distribution	Members, ISVs and Data Vendors

To Whom It May Concern,

Refer to: Announcement no. 2015/96 dated 14/10/2015

As it's communicated with referred official announcement, go-live rehearsals are planned for all Equity Market participants to be able to achieve a successful migration to BISTECH systems on 30/11/2015. In this context, the dates, test scenarios and time tables of these collective tests which will be carried out in production environment with the participation of all members and data vendors to let all surrounding systems be tested thoroughly before migrating to BISTECH system are announced.

In order to be able to test the preparations of members and data vendors with production environment configurations which will be used on 30/11/2015, it has been agreed to extend the collective tests to 16, 17 and 18 November 2015. Time tables for trade dates and data to be used are indicated in the following table. Session hours will be the same as times applied on 9-13 November 2015.

Trade Date T+0	Trade Date T+1	Rectify T+1	Clearing Date T+2	Test Environment Data
16 November 2015	17 November 2015		18 November 2015	Production environment data on the morning of November 16, 2015
17 November 2015	18 November 2015		-	It will be continued with the data generated on the test environment.
18 November 2015	-		-	

The information included in the announcement-2015/96 should be taken into consideration. In order to enable connection testing to BISTECH systems, access permission to BISTECH Production Environment will be granted on 21 November 2015 and 28 November 2015 between 16:00 and 18:00 hours. User IDs and passwords for connection taken from VERDA system will be used, same as the ones used during the migration rehearsals. Only trading workstation, FIXAPI, Reference Data andITCHAPI will be tested in the test environment and there will be no order entry. Receiving reference data will be available through TIP connections for data vendors and through FIX Reference Data Servers for member firms..

Data vendors and members are required to participate in all tests. Exchange Trading Floor is not planned to be open on these days..

In addition to dates mentioned above, BISTECH system will be open for access tests on 28 November 2015, for the last time before transition on 30 November 2015. Members are expected to connect via their production systems.

Kindly submitted for your information.

Sincerely,

Adnan METİN  
Executive Vice President

Aydın SEYMAN
