Subject : Announcement about the changes in the BIST Sustainability Themed Debt Securities Indices Methodology

To Whom It May Concern

BIST Sustainability Themed Debt Securities Indices Methodology (Methodology) are periodically reviewed by the Borsa İstanbul Financial Benchmarks Committee (Committee), reflecting developments in the markets and changes arising from local and international legislation, meeting requests received from market participants that are deemed appropriate, and making the necessary updates accordingly.

Borsa İstanbul Management, in line with the Committee's recommendations, has decided to make the following changes on the Methodology;

- The Methodology article regarding the determination of the components of the indices states that “*...whose completed issuance has been announced on PDP, and whose Bloomberg BVAL pricing exists*”. To clarify this practice, Eurobonds included in the indices that have had their BVAL pricing stopped during the index period will be excluded from the indices, effective from the first trading day of the next index period, for this purpose the amendments presented in Appendix 1 of Methodology are made.
- The aforementioned amendments are categorized as “Non-material Changes” according to the Borsa İstanbul Financial Benchmarks Management Procedure article number “7.6 Non-material Changes” and the procedures and principles should be followed specified in the said article.
- The Methodology as updated and presented in its final form provided in Appendix 2 will be effective as of January 27, 2026.

The announcement and its annexes are available on the “Index Announcements” section of Borsa İstanbul corporate website ([www.borsaistanbul.com/en](http://www.borsaistanbul.com/en)).

Kindly submitted to your information.

Regards,

Murat BULUT  
Deputy General Manager
